Well done to everyone who has been recognised for an award by your Tutor. The achievements celebrated here are important and valued. Sometimes it is easy to get transfixed and focused on grades and academic progress and lose sight of other aspects of life that should also be rewarded.

You are all more than just a grade or a number. You have demonstrated an *élan vital*, gone the extra mile or been there for others. These qualities are so important and cannot be easily measured. In short, you have all contributed positively to our collective experience of school. We, as a community, celebrate all these achievements and are thankful for what you have done.

Congratulations to you all! I hope you continue to add value to the school and the wider community in the future. Mr Lambert
