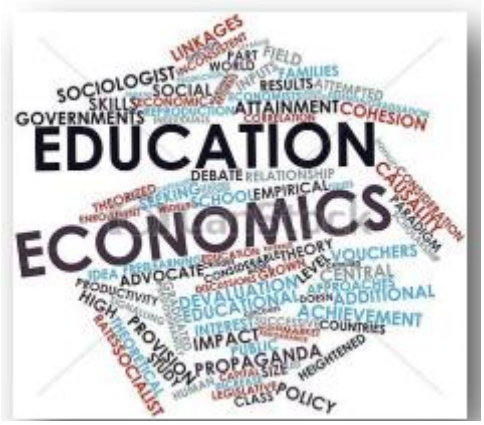
Economics



GCSE in Economics comprises two units:

This GCSE is designed to inspire students, encouraging an interest in real world economics. Students will develop their economic knowledge and apply this to real life situations. This is a great course to develop independence and encourages students to become reflective thinkers. The option to continue studying to A Level provides an excellent springboard to further academic study at higher education.

The Economics GCSE comprises of two units:

Unit 1 – Introduction to Economics (Externally Assessed Examination)

This unit looks at an introduction to economics and the role of markets and money. It introduces students to key concepts such as supply, demand, production, competition and the labour market.

Unit 2 – National and International Economics (Externally Assessed Examination)

This unit covers the economic objectives of the Government and looks at how money is raised and spent. Other topics include: employment, economic growth, fiscal and monetary policy, International trade and the global economy.
